Dear Supervisors:

**JOB ORDER CONTRACTS FOR REPAIR AND
REFURBISHMENT OF COUNTY FACILITIES
AWARD CONTRACT
ADOPT AND ADVERTISE

ALL SUPERVISORIAL DISTRICTS
3 VOTES**

**JOINT RECOMMENDATION WITH THE CHIEF ADMINISTRATIVE OFFICER THAT
YOUR BOARD:**

1. Award three Job Order Contracts (JOCs) to Mackone Development, Inc., for a maximum cost of \$3.8 million each to be financed through the appropriate capital or refurbishment projects budget.
2. Award a JOC to CAL-PAC Engineering Co., Inc., for a maximum cost of \$3.8 million to be financed through the appropriate capital or refurbishment projects budget.
3. Award a JOC to Torres Construction, Corp. for a maximum cost of \$3.8 million to be financed through the appropriate capital or refurbishment projects budget.

4. Award two Job Order Contracts to MTM Construction, Inc., for a maximum cost of \$3.8 million each to be financed through the appropriate capital or refurbishment projects budget.
5. Authorize the Director of Public Works to prepare and execute the JOCs in the form previously approved by County Counsel, and establish the effective date following receipt of approved Faithful Performance and Labor and Materials Bonds filed by Mackone Development, Inc.; CAL-PAC Engineering Co., Inc.; Torres Construction, Corp.; and MTM Construction, Inc.
6. Authorize the Director of Public Works to execute work orders not to exceed the maximum amount of each contract upon authorization from the Chief Administrative Office.
7. Adopt the JOC Unit Price Book and Specifications, and instruct the Executive Officer to advertise for bids to be received for five separate JOCs on July 11 and 12, 2006, in accordance with the enclosed Instruction Sheet for Publishing Legal Advertisements.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

We are recommending that your Board award seven separate JOCs to the apparent lowest responsible bidders for repair and refurbishment of County facilities for a maximum not-to-exceed fee of \$3.8 million for each 1-year contract.

We also recommend that your Board adopt and advertise five additional JOCs that will augment Public Works' ability to effectively and efficiently respond to a broad array of County repair and refurbishment projects under the direction of Public Works.

The JOC is a flexible, cost-effective unit price contracting technique to accomplish repair and refurbishment of County facilities without extensive plans and specifications. JOCs are annual contracts that may be awarded for repair, remodeling, refurbishment, or other repetitive work, but not for new construction. This relatively simple and straightforward process reduces administrative requirements and lowers direct construction costs while meeting all Federal, State, and County procurement requirements.

We are currently administering 22 active JOCs. The most recent JOCs for repair and refurbishment of County facilities were awarded by your Board on February 7, 2006.

These JOCs will help expedite, as the need arises, capital improvement and earthquake repair of facilities in the courts, health, justice, and general project areas.

We will report activity on the JOCs to your Board quarterly along with our regular report on delegated contracting activity.

Implementation of Strategic Plan Goals

These actions meet the County Strategic Plan Goals of Service Excellence and Organizational Effectiveness as these JOCs will improve public facilities and restore them fully into service sooner than with traditional construction contracting.

FISCAL IMPACT/FINANCING

The recommended seven JOCs with the apparent lowest responsible bidders are for a maximum of \$3.8 million each. There is no anticipated fiscal impact to the County as a result of this action. Repair or refurbishment work will be financed through the appropriate capital or refurbishment projects budget. No work will be assigned to these JOCs without the prior review and funding authorization from the Chief Administrative Office.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

A standard contract, in the form previously approved by County Counsel, will be used. The standard Board-directed clauses for contract terminations, renegotiations, and hiring qualified displaced County employees will be included.

The project specifications also contain provisions requiring the contractors to report solicitations of improper consideration by County employees and allowing the County to terminate the contracts if it is found that the contractors offered or gave improper consideration to County employees.

As requested by your Board on August 12, 1997, and as a threshold requirement for consideration for contract award, Mackone Development, Inc.; CAL-PAC Engineering Co., Inc.; Torres Construction, Corp.; and MTM Construction, Inc., are willing to consider Greater Avenues for Independence Program/General Relief Opportunity for Work participants for future employment.

Mackone Development, Inc.; CAL-PAC Engineering Co., Inc.; Torres Construction, Corp.; and MTM Construction, Inc., as required on all publicly funded projects in excess of \$1,000, will be required to pay prevailing State wage rates to all persons employed on these JOCs.

As required by your Board, language has been incorporated into the project specifications stating that the contractors shall notify their employees, and shall require each subcontractor to notify its employees, about Board Policy 5.135 (Safely Surrendered Baby Law) and that they may be eligible for the Federal Earned Income Credit under the Federal income tax laws.

Mackone Development, Inc.; CAL-PAC Engineering Co., Inc.; Torres Construction, Corp.; and MTM Construction, Inc., are in full compliance with Los Angeles County Code Chapter 2.200 (Child Support Compliance Program) and Chapter 2.203 (Contractor Employee Jury Service Program).

ENVIRONMENTAL DOCUMENTATION

The implementation of each work order under these JOCs shall be subject to prior determination and documentation by Public Works that the work is categorically exempt from the California Environmental Quality Act. In the event the work is not exempt, your Board will be requested to approve the appropriate environmental finding and documentation prior to implementation.

CONTRACTING PROCESS

On March 27, 2006, using the JOC Unit Price Book and Specifications adopted by your Board on December 6, 2005, we issued a Request for Bids for a total of seven JOCs. Competitive bids were received on April 25, April 26, and April 27, 2006. The bid results are summarized in Enclosure A. Bidders were required to submit a set of cost adjustment factors that would be applied to the unit prices for work in the JOC Unit Price Book. Bids were determined by calculating a composite factor using a predetermined and advertised formula. Mackone Development, Inc.; CAL-PAC Engineering Co., Inc.; Torres Construction, Corp.; and MTM Construction, Inc., were the apparent lowest responsible bidders meeting the criteria adopted by your Board. The JOC Unit Price Book and contractors' adjustment factors will be incorporated in the awarded contracts.

To ensure the contracts are awarded to responsible contractors with a satisfactory performance history, bidders were required to report violations of the False Claims Act, their civil litigation history, and information regarding prior criminal convictions. The information reported by Mackone Development, Inc.; CAL-PAC Engineering Co., Inc.; Torres Construction, Corp.; and MTM Construction, Inc., was considered before making this recommendation to award the contracts.

The Honorable Board of Supervisors
May 18, 2006
Page 5

As requested by your Board on February 3, 1998, these JOC opportunities were listed on the Doing Business with Us website. Copies of the website postings are included as Enclosure B for your reference.

Mackone Development, Inc.'s; CAL-PAC Engineering Co., Inc.'s; Torres Construction, Corp.'s; and MTM Construction, Inc.'s, 3-year contracting histories are on file with Public Works.

Public Works has evaluated and determined that Los Angeles County Code Chapter 2.201 (Living Wage Program) does not apply to the recommended contracts as these contracts are for non-Proposition A services.

Advertising for bids will be in accordance with the County's standard Instruction Sheet for Publishing Legal Advertisements (Enclosure C). Following receipt of bids, we will return to your Board for contract award.

Participation by Community Business Enterprises (CBE) in the project is encouraged through Public Works' Capital Projects CBE Outreach Program and by monitoring the good faith efforts of bidders to utilize CBEs.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

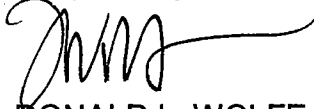

The use of these contracts will expedite the completion of repair or refurbishment work managed by Public Works. Minor impacts to tenant departments may occur while repair or refurbishment work is underway.

The Honorable Board of Supervisors

CONCLUSION

Please return one adopted copy of this letter to the Chief Administrative Office and Public Works.

Respectfully submitted,

for DONALD L. WOLFE
